

15 MAR 1968

MEMORANDUM FOR: Acting Director of Security

SUBJECT : Office of Security Statistical Report  
for FEBRUARY 1968

1. The attached tables reflect some of the activities of certain components of the Office of Security during FEBRUARY 1968.

2. The statistics in the tables are compiled by the component concerned and refer to the current month.

3. One of the most noteworthy statistical changes during the month of February was the decrease in the processing time of an applicant case. The time in PSD was reduced from 11 days to 6 days; the field from 68 days to 60 days; and the time in SR&CD remained constant. The total processing time was therefore reduced from 82 days to 69 days.

4. An examination of Physical Security Division's Overseas Survey Program revealed the average number of man days expended per month for the first 6 months to be 36. The month of February produced an upsurge of over 200% or from a 36 man day average to 110 man days.
